

WINTER HOME MAINTENANCE CHECKLIST

Inspecting and protecting your investment will help keep your home in optimal condition

Winter is the darkest and coldest of the seasons and with the chill and snowfall you want to make sure your cozy retreat is uninterrupted by potential damage the cooler months can cause.

Use our Winter Home Maintenance Checklist to ensure your home is in top-notch shape from the inside, out.

- 🏠 Replace Cracked Caulking
- 🏠 Inspect for Signs of Water Ingress
- 🏠 Check Hot Water Tank
- 🏠 Check for Drafts
- 🏠 Replace Furnace Filters
- 🏠 Vacuum Bathroom Fans & Smoke Detectors
- 🏠 Monitor Home for Excessive Moisture Levels
- 🏠 Check Faucets for Signs of Dripping
- 🏠 Clean Drains in Dishwashers, Sinks, Tubs & Showers
- 🏠 Keep Gutters and Roof Clear of Snow
- 🏠 Keep Accumulations of Snow Away from Foundation
- 🏠 Check Electrical Cords, Plugs & Outlets
- 🏠 Check Roof for Ice Damns or Icicles
